

JUAN DIEGO PINO TORRES

COMPUTER ENGINEER

(+506) 8413-3753 | pinoto2002@gmail.com | www.linkedin.com/in/juan-diego-pino-torres-b80856322 | www.github.com/Pino835 | https://pino835.github.io/mypage_project/

SUMMARY

Early career professional focused on continuous learning and the development of technological solutions. During my training, I acquired skills in web development, database analysis, project management, and technological innovation. My goal is to grow as a professional in the IT field, contribute to challenging projects, and refine my knowledge while expanding my experience in the field.

TECHNICAL SKILLS

Programming languages: HTML, CSS, Python	Databases: SQL Server, MySQL, PostgreSQL, MongoDB	Cybersecurity software: Nessus, Burp Suite
Frameworks and tools: Django, React, .NET	Operating systems: Linux, Windows	Others: Networks, Cybersecurity

PROFESSIONAL EXPERIENCE

Computer operations technician, ITCJJ INFORMATION

September 2023 - April 2025

- Development of a project on a web page using Django that speeds up the work process to generate reports and that the client has that page available to review those reports and avoid excessive use of email.
- Collaborate in audits where vulnerabilities within the clients' networks are searched through scans using a security software.

Developer Jr, Global Teams International

January 2022 - August 2022

- I was part of the development of a website about a records management system for a client using the SCRUM methodology and working with tools such as Visual Studio, C# and SQL Server

EDUCATION

Bachelor's degree of Software Development

January 2023 - April 2024

Universidad Latinoamericana de Ciencia y Tecnología

Bachelor of Computer Engineering

January 2020 - May 2023

Universidad Latinoamericana de Ciencia y Tecnología (ULACIT)
